## Parental Permission Form

### General Technology Use, Photos, Media Release & Handbook

---

If students are to be productive members of the 21st Century workplace, they must move beyond the skills of the 20th Century and master those of the 21st Century. The characteristics of the 21st Century classroom will be very different from those of the classrooms in the past because the focus is on producing students who are highly productive, effective communicators, inventive thinkers, and masters of technology.

Your child's safety and security are our number one priority. All websites and tools have been and will continue to be thoroughly examined by experienced educators and are used commonly in education today. The Acceptable Use Policy for Technology is posted on the Archdiocesan website and in the Lansdale Catholic Family Handbook.

Please review the items listed below and complete the permission form on the reverse side of this paper so that we are aware of your expectations as a parent of a child(ren) in our school. Thank you.
