This year's Lansdale Catholic All-Sports Program Book is rapidly taking shape. The Program Book is not only a traditional fan favorite, providing photos of our athletic teams, but also a major contributor to the continuing success of the athletic programs.

Many of our students are involved in athletic teams during their four years at Lansdale Catholic. Through this involvement, students grow physically, socially, culturally, and spiritually. In turn, a positive effect is experienced within families, the school, and surrounding communities. By supporting the All-Sports Program Book you help make this positive outcome continue each year. The format of our ad book will further benefit our sponsors as your ad will be featured in an All-Sports Program Book distributed through all THREE athletic seasons, as well as all public functions at the school in the course of the year. We invite you to be a patron in the book by placing an ad for your business or sending supportive messages to an individual athlete or team.

A page-rate schedule is listed on the form.
